

In recognition of the outstanding performance of GM Renato A. Balintec during his three and a half year ascendancy as a regular general manager, the member of the Board of Directors steered by Pres. Reynaldo M. Lazo passed Board Resolution No. 47-05-2012 on May 16, 2012 at the Laoag City Sub Office/Substation extending his stay by six months.

The said resolution was approved by the National Electrification Administration (NEA) the following day May 17, 2012 just in time before the 60th Birthday of Balintec on May 18, 2012, the prescriptive age set by NEA for general managers to retire.

In a post birthday celebration held on May 25, 2012 at the INEC Multi-purpose Auditorium at the Dingras Main Office, Balintec thanked the Board for ensuring a smooth transition of the leadership. Likewise he assured the INEC officers, management staff and employees that he will address the most vital and pressing matters before hanging up his gloves.
